

# Admiral Lectern System

Portable Lectern System Specifications

## Advancing Technology

The Admiral lectern is an impressive companion for Xtreme, Liberty or Explorer PRO portable sound systems. The sound system fits securely into the rich oak cabinet space. Simply plug the mic connection cable into the back of the sound system, and you have turned a portable sound system into a formal, powered lectern with a 24" gooseneck electret mic.

(Sound System Not Included)
